

## Orientation – Week 0: Coding Assignment Instructions

### Instructions:

- During this Coding Bootcamp, you will have Coding Assignments
- For now, complete these two basic exercises to get warmed up, take screenshots of the results, just to help you learn how to do so.
- Taking good screenshots is important for this course and will help our staff assist you with your code. Here's how to take screenshots:
  - On **MacOS**, press **Command ⌘ + Shift + 4** OR press **Command ⌘ + Shift + 5**
  - On **Windows**, press **Windows key 🖱 + Shift + S**
- Once you have completed these steps, return to this location, and check the appropriate boxes to confirm that you have completed both parts of this assignment.

### Part 1: Coding Steps

Software development requires working knowledge of the **Command Line Interface (CLI)** on your computer. On **Windows**, it is called **Command Prompt** and on **MacOS** it is called **Terminal**. For this assignment complete the following steps:

	Windows	MacOS
This is what each command is doing:	Open <b>Command Prompt</b> (search for <b>CMD</b> in the start menu).  Type the commands below in order into your CLI, hit enter after each command:	Open the <b>Terminal</b> app (search for <b>Terminal</b> in Launchpad).  Type the commands below in order into your CLI, hit enter after each command:
1. Print current directory	cd	pwd
2. List contents of directory	dir	ls
3. Create a new directory	mkdir Promineo	mkdir Promineo
4. Change into that directory	cd Promineo	cd Promineo
5. Print current directory	cd	pwd
6. Create a new directory	mkdir Week0	mkdir Week0
7. Change into that directory	cd Week0	cd Week0
8. Print current directory	cd	pwd
9. Print hostname	hostname	hostname

**Take screenshots of these commands and the results:** First, run the commands in a **Command Prompt** (Windows) or the **Terminal** app (MacOS) window, and taking a screenshot of that entire window.

## Orientation – Week 0: Coding Assignment Instructions

### Part 2: Zoom

Go to <https://zoom.us/test> and join a test meeting. Follow all the prompts to join the meeting and test your audio and video. Once you have joined the test meeting, click on the green shield icon in the top left corner of the screen, choose Statistics on the left-hand column, and take a screenshot of that window.

The screenshots are for your benefit, and do not need to be submitted!
